ITPB Security Workgroup Report
February 22, 2008
Talking Points

**Personally Identifiable Information on Portable Devices**

1. A campus policy prohibiting the use of PII on portable devices but by exception
   a. How do define an exception that it is not overly cumbersome to work relative to risk
   b. Target major faculty and business uses first
   c. How to include personal devices and home computers
   d. Training, certification, registration and technical requirements
   e. Consequences

2. Formation and role of the IT compliance coordinators group
   a. Role of University Committee on Audit and Oversight
   b. Role of coordinators - reporting focus, not enforcement

3. Working with faculty senate, grad council
   a. Executive board
   b. Legislative Assembly
   c. Grad and UG councils

4. Campus outreach to effect cultural change
   a. Brochures
   b. General programs
   c. Security administrator working group
